

ELECTRIC COMPACT TELEHANDLER | 525-60E

100% electric. Zero emissions.

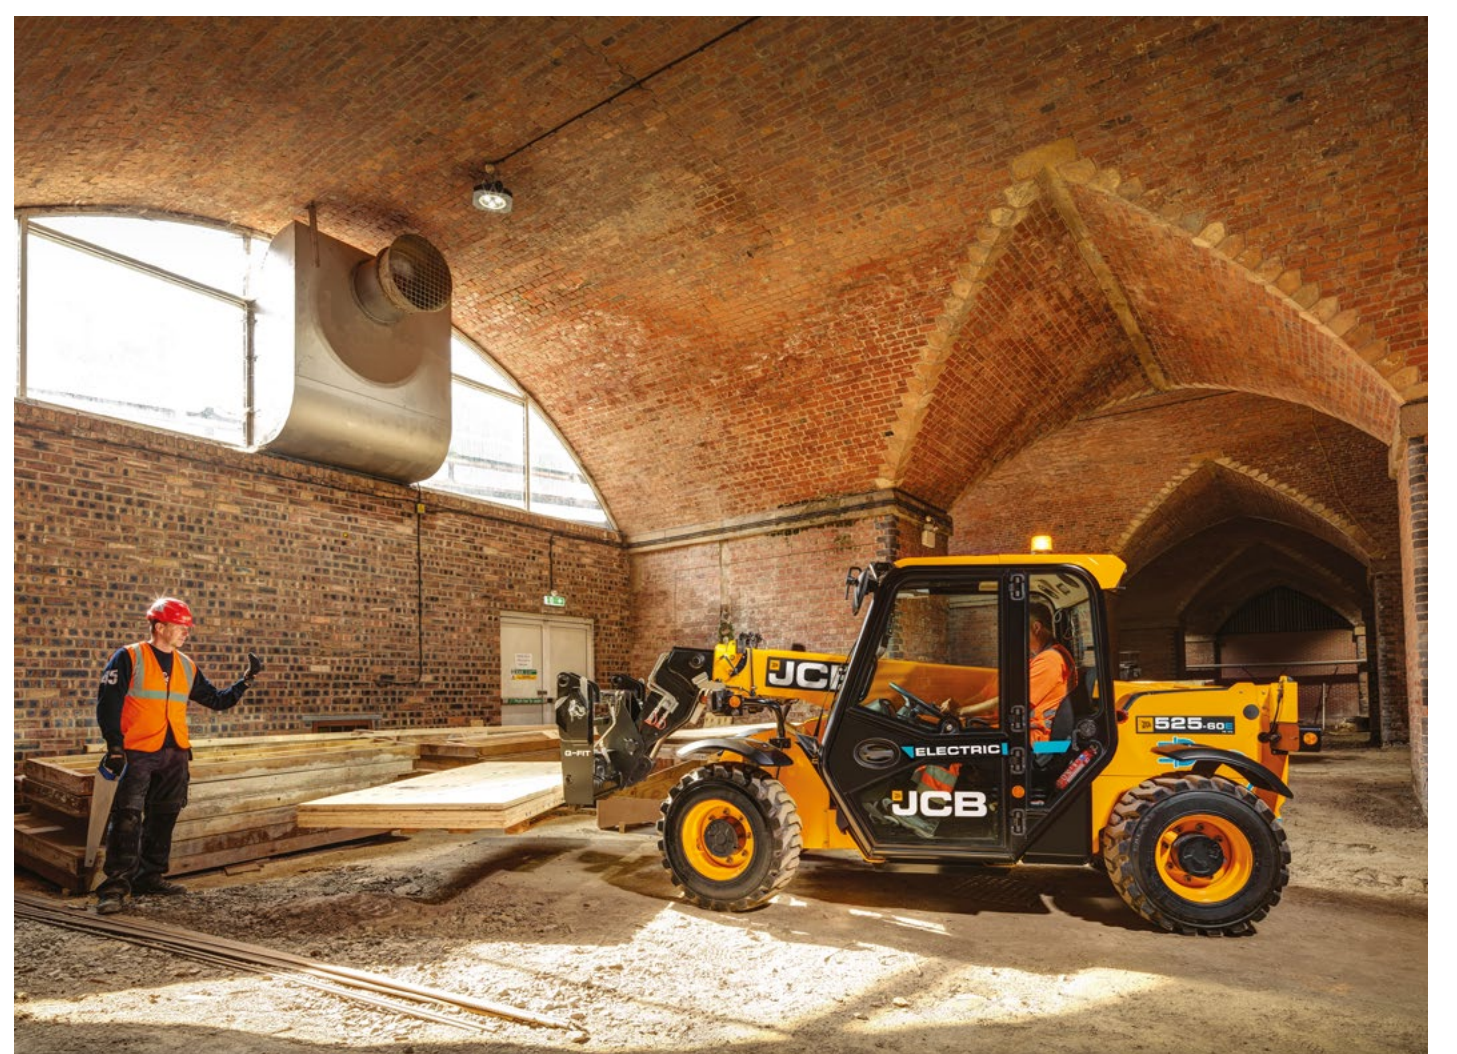

MAX LIFT CAPACITY
2,500kg

LIFT HEIGHT
6.0m

BATTERY CAPACITY
24kWh

ZERO EMISSIONS.

The new 525-60E compact telehandler is part of JCB's 100% electric E-TECH range, with zero emissions, less noise and zero compromise on performance.

CLEANER AIR

JCB is leading the way in clean technology and reducing emissions, especially in urban, air quality sensitive environments and enclosed spaces.

LOW NOISE.

Low noise levels make the new 525-60E ideal for working in urban areas, indoors, out of hours and operating in sensitive environments.

NOISE REDUCTION

Both internal and external noise has reduced significantly, allowing for improved site communication.

SAFER WORKING.

No trailing tethers, zero emissions, low noise levels and other innovative features provide peace of mind for working safely and efficiently.

SAFETY INNOVATION

JCB's innovative Adaptive Load Control feature automatically prevents the 525-60E from tipping forwards during heavy load handling.

ZERO COMPROMISE.

Get the same high performance as a conventional machine with powerful lithium-ion technology. A 24kWh battery powers an average working shift.

*Dependent on ambient temperature and working duty cycle.

HIGH PRODUCTIVITY

With a compact design and unrivalled visibility, the new 525-60E is built for maximum productivity on any site.

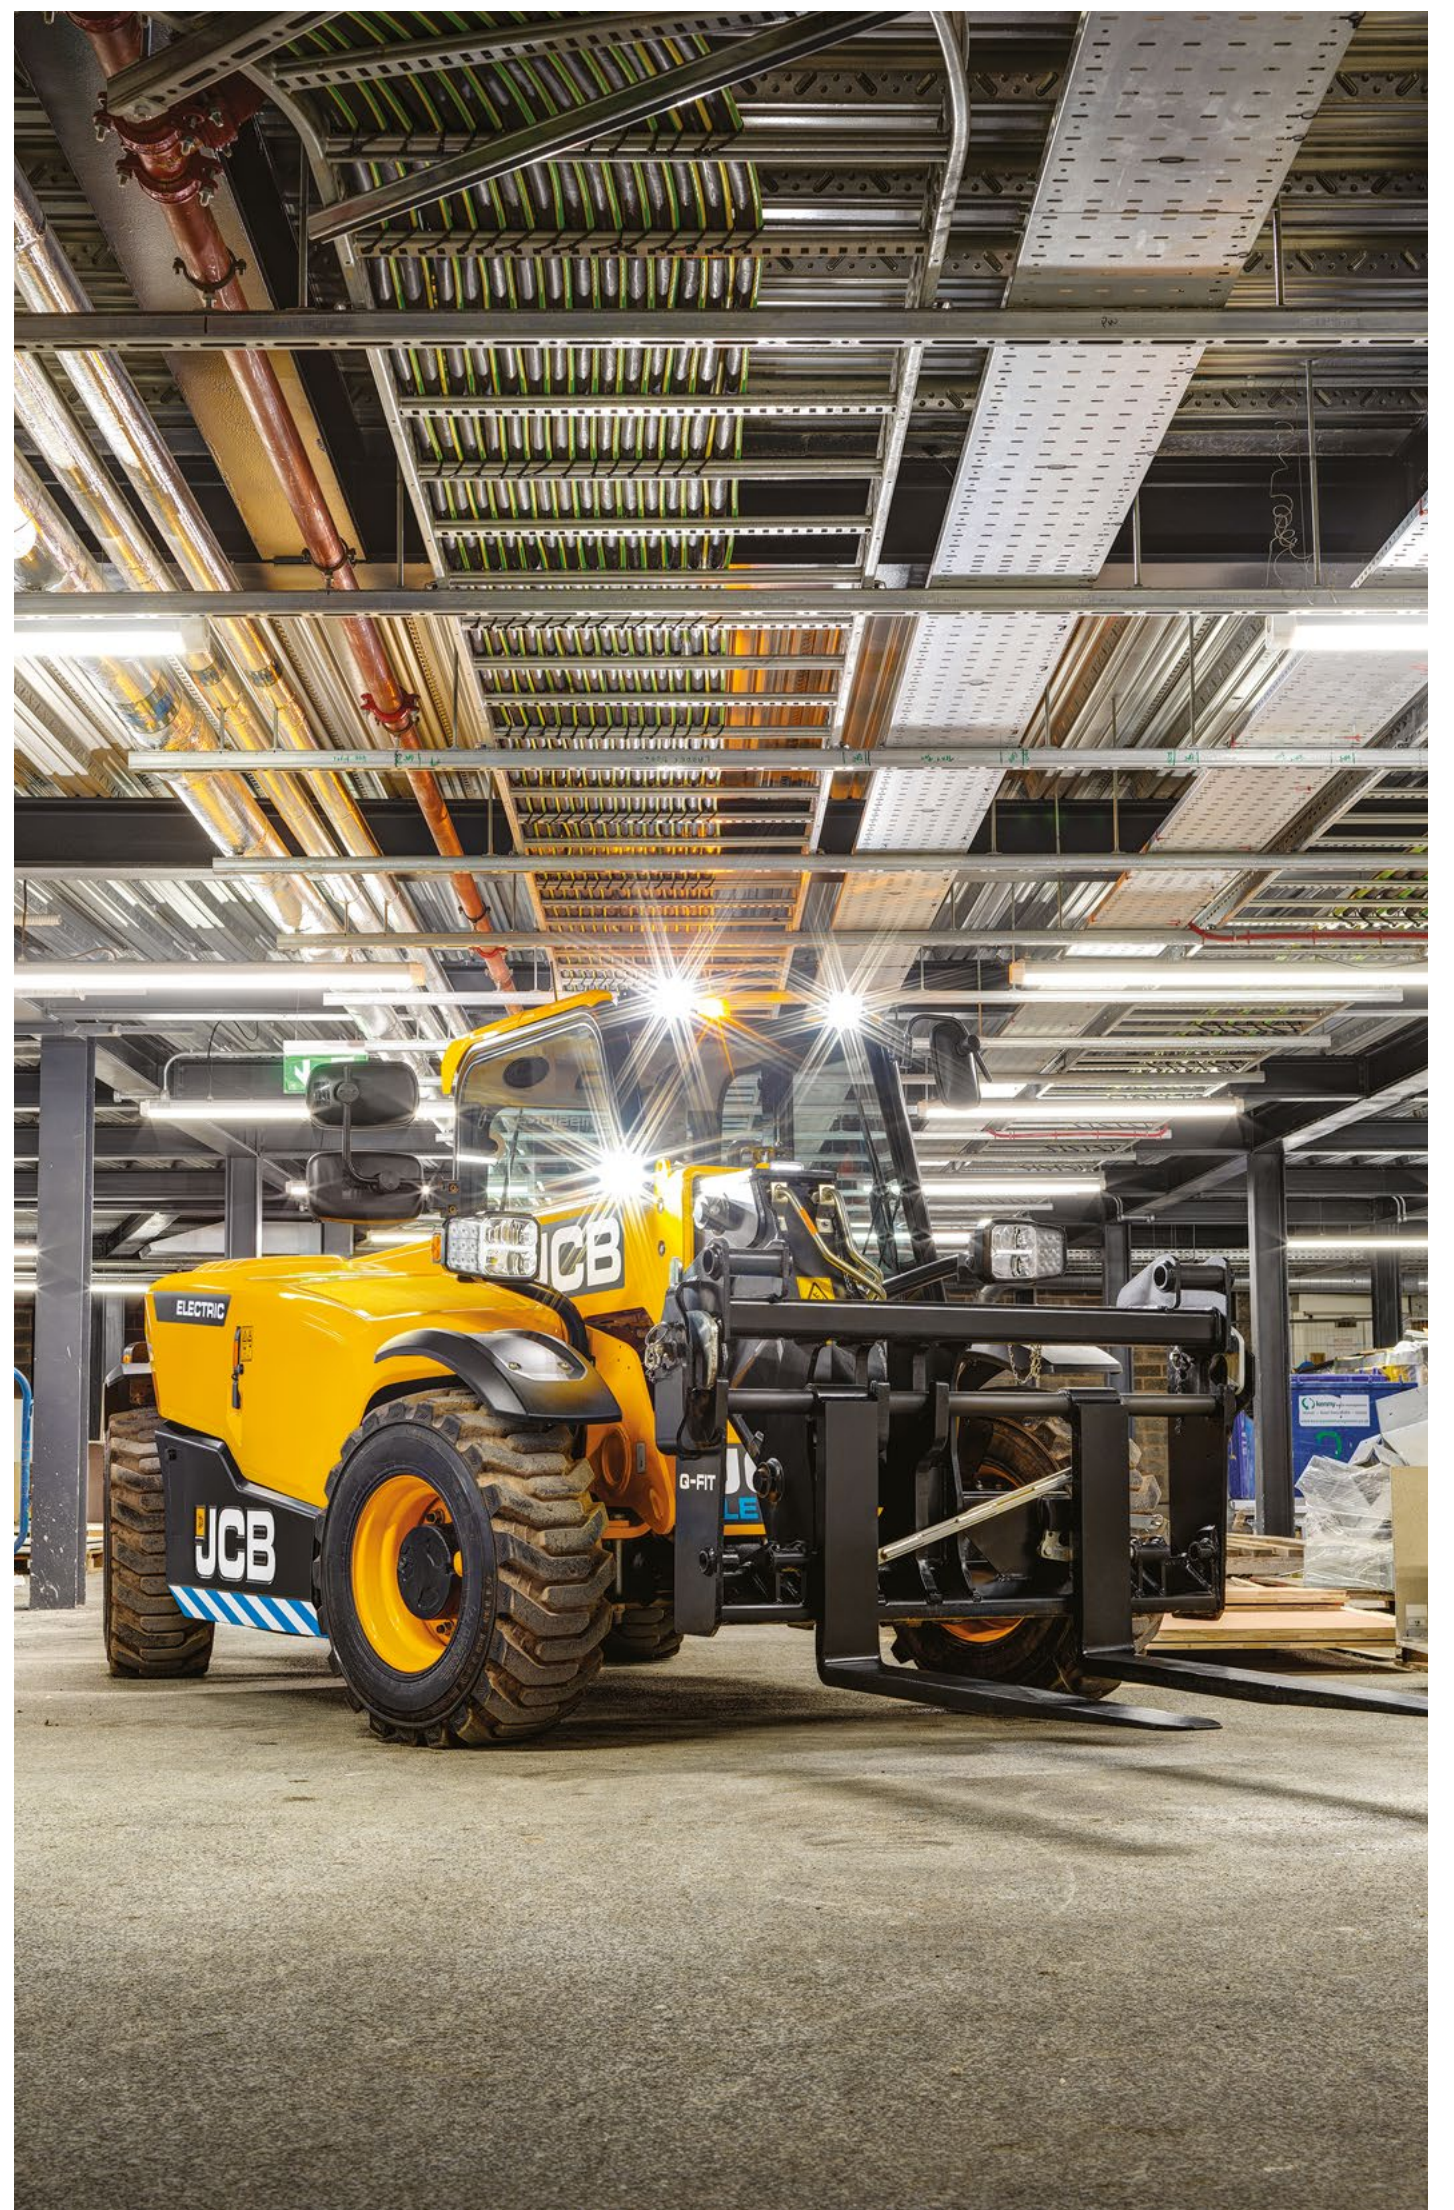

REDUCED COSTS.

The new 525-60E has considerably lower operating costs with maintenance-free batteries, minimal daily checks and less servicing.

JCB LIVELINK

The JCB 525-60E's standard LiveLink telematics system uses satellite technology to provide valuable real-time data on machine location, performance, usage, security and servicing requirements.

ELECTRIC COMPACT TELEHANDLER | 525-60E

SPECIFICATION.

MODEL	525-60E
Transport length	4m
Transport height	1.89m
Transport width	1.84m
Lift capacity @ full height	2000kg
Lift capacity @ full reach	720kg
LiveLink functionality	Option

STANDARD FEATURES.

- Built in charger with lead
 - Fast charge ready
 - Singe lever joystick
 - LCD information screen
 - Full LED roadlight
- Spacious cab
 - Heated screens
 - Heated air suspension seat
 - SAHR parkbrake
 - Load moment indicator

525-60E LOADALL

100% ELECTRIC, ZERO EMISSIONS

100% electric. Zero emissions.
